

# Construction Litigation Desk Reference

## A State-by-State Compendium

DRI's *Construction Litigation Desk Reference: A State-by-State Compendium* focuses on the most important current issues in construction litigation. The compendium includes the following topics:

- insurance;
- causes of action;
- construction/materialman's lien;
- surety/bond issues;
- defenses;
- arbitration/ADR;
- measures and types of damages;
- and more.

The authors include dozens of experienced defense attorneys and members of the DRI Construction Law Committee. The efforts of the authors and editors have resulted in a unique desk reference for construction lawyers. The user of this new publication will not only gain an up-to-date overview of the current law in his or her jurisdiction, but will also be able to research the law of other jurisdictions.

*Construction Litigation Desk Reference: A State-by-State Compendium* is available in hard copy and electronically for network licensing. Order your copy today at [dri.org](http://dri.org).
